All information in your assessments will be kept strictly confidential. Your Health Improvement Assessment(s) will be emailed to you on receipt of payment. Fill out at your leisure. When complete, fax to (707) 462-2217 or scan the form(s) and email to info@nourishingcompany.com

You will then be notified of phone appointment options by e-mail. Reply immediately to confirm your phone appointment time. Appointments not kept will be charged the full fee unless rescheduled 48 hours in advance.

During your phone appointment, you will be asked a variety of questions to further personalize recommendations. The cost of each recommendation on your protocol will be provided at that time. By the end of the phone session, your order will be ready to go and will be placed as soon as your supplement payment is received. Your supplement list and schedule will be sent to you separately by fax or email.
